A MESSAGE FROM UNITED GRAD WORKERS

THANK YOU for signing our petition, boosting our message, and attending the September 3rd rally! We are humbled by the overwhelming solidarity shown by our community at UNM and beyond in recent weeks. As we get ready to sit down at the bargaining table with UNM admin, we are working to elect a bargaining committee and chief stewards (collectively called the Coordinating Committee) who will represent us in negotiations and organize our membership to win a strong first contract. CC elections will be held by email ballot October 1-8. If you are interested in running for CC, please email jukockis@unm.edu. Spread the word to your colleagues, and encourage them to sign union cards - only members can vote, and we want as many grad workers to vote as possible!

COMMUNITY ANNOUNCEMENTS

Dear Graduate students,

Welcome to the fall semester! I am writing on behalf of the Graduate Christian Fellowship (GCF), one of the many communities on campus, inviting you to join us as we provide biblical relevance to our graduate studies. This organization exists for graduate students to further establish their faith and walk with Jesus, gathering together to study the Word of God. If you are currently an undergraduate student, do not be discouraged - you can also find undergraduate ministries here: <http://ivcf.unm.edu/>

**GRADUATE
CHRISTIAN
FELLOWSHIP**
gcf.unm.edu

You can become involved in GCF in *three main ways*. Feel free to join one or all, as your schedule allows:

First, we will be studying the gospel of Mark this semester; it is the shortest gospel of the four main books. In it, you'll learn about words of healing, end time prophecy, what it means to serve, and answers to important questions: **"Who is this man?"** and **"What does it mean to follow Jesus?"**

We will meet at **7:00 pm every Thursday evening starting August 26, 2021**. **We ask everyone to wear a mask and always observe social distancing.** However, for the first few weeks, we will meet at the Dane Smith Hall amphitheater. According to safety guidelines, wearing a mask outdoors is not currently required. If we begin to move inside, we will adjust to updated restrictions. Please consult our website at gcf.unm.edu for updated information. If you need a ride, do not hesitate to contact us.

Secondly, the GCF ministry hosts an event called Lunchbox Theology which provides a space to discuss different theological or cultural topics as it relates to the gospel. This is a chance to dig into questions you may have pondered over in the past regarding subjects of religion, current events, grace, love, and peace. It takes place on **Mondays at Noon in the Draft & Table Tap Room**, located at the UNM Student Union Building.

In addition, we gather for prayer each **Wednesday morning at 8:30 am by the Alumni Clock next to the Duck Pond**. Come join us as we lift our concerns and desires to the Lord.

One final thing: There is a special Welcome Packet for any and all that come to our events!

I hope that you stay well and take care. May your first days on campus exceed your expectations.

Thanks, and best to you,

From the GCF team:

Providing PhD candidates with
support for dissertation research

MELLON
INTERNATIONAL
DISSERTATION
RESEARCH
FELLOWSHIP

About the fellowship

The International Dissertation Research Fellowship (IDRF) program supports the next generation of scholars in the humanities and humanistic social sciences pursuing research that advances knowledge about non-US cultures or US Indigenous cultures and societies. The program is open to a range of methodologies, including research in archives and manuscript collections, fieldwork and surveys, and quantitative data collection. The IDRF program especially welcomes applications from underrepresented institutions.

Eligibility

The program is open to graduate students in the humanities and humanistic social sciences—regardless of citizenship—enrolled in PhD programs in the United States. Applicants must complete all PhD requirements except on-site research by the time the fellowship begins. Proposals for research conducted in the United States with US Indigenous peoples and on Native topics, and proposals that identify the United States as a case for comparative inquiry, are welcome; however, proposals that otherwise focus predominantly or exclusively on the United States are not eligible.

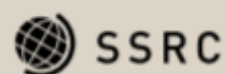

Fellowship terms

The IDRF program provides support for six to twelve months of dissertation research. Applicants from select humanities disciplines are eligible to apply for a shorter international component within the six to twelve months of support. Fellowship amounts vary depending on the research plan, with a per-fellowship average of \$23,000.

www.ssrc.org/fellowships/idrf-fellowship

The IDRF program is funded by the Andrew W. Mellon Foundation.

Deadline: November 2, 2021
