COUNCIL EXECUTIVE MESSAGE NO. 2

Aaron Cowan, Council Chair and
Members of the GPSA Council

Dear Chair Cowan and Members of the GPSA Council:

I am writing in support of the GPSA Finance Committee's request to allocate a total of \$41,237 in additional funding from the GPSA General Fund to support the FY23 Annual Budget Process.

The Annual Budget Process requires an additional \$41,237 to balance the requests recommended by the Finance Committee. There are increases in individual Organization Budgets resulting in the increased need. The projected spending amount for FY23 was \$109,250; the actual requests recommended by the Finance Committee total \$150,487, which exceeds the amount budgeted by \$41,237.

I ask for your support in granting the approval of these funds.

Respectfully yours,

David C. Saavedra
President
