Flyer for Floating Drive (on Facebook) will be sent out by Jessica to Student Council Explain PB funds: if your department/student organizations: \$25 charged for GPSA (your department organization gets \$9.50 x # of students for departmental organization for students get to use). These funds are for events/travel funds. If your organization is not the departmental student organization, and you have been chartered, you have to get funds approved in current fiscal year. Prepared through Student Funding.

If you are the departmental student organizations you cannot be approved for additional funds, as you already have a budget. Each department encouraged to look into these funds to see if you have additional funds unknown to you before this meeting.

Mark calendars for LOBO DAY Feb 28th. UNM DAY Feb 9th.

New Mexico State doing a graduate student day: January 30th. Will have posters up to inform students in each department. Raise awareness about money needs for graduate students.

b. Council Chair's Report

GPSA doesn't decide who will be a part of the council, so next semester, needs everyone to bring back new credential forms. If graduating, please let GPSA Chair know so that we can work with representatives and their departments to fill any potential empty spots. Make sure to make your departments aware that you are the contact for GPSA issues, because many students are unsure who represents them at council.

Anyone who participates in council regularly will get a letter from dean and can go on resume.

Appropriations for next semester will be coming in from GPSA due to lack of full funding from last year's budget requests.

Thank you for coming to a late semester meeting.

Did everyone like the Roberts Rules workshop? General consensus is: yes, request that Daniel Ivey-Soto come back for another workshop.
