AMAZON GIFT CARD OPPORTUNITIES FOR UNM GRAD STUDENTS!

I invite you to take part in a mixed methods research project that I'm conducting for my doctoral dissertation to improve research ethics education at UNM. Specifically, I'd like your feedback on the types of learning environments that support ethical development.

There are two phases to this study: 1) an online objective-style survey that takes approximately 30 minutes to complete, followed by 2) interviews of selected graduate students that will take approximately 30 minutes per interview. You may choose to participate in only the survey, OR both the survey and interview phases of the study.

If you consent to the survey by July 30 you may choose to be entered into a prize drawing for a \$25 Amazon gift card. If you consent and are selected for an interview, you will be emailed an additional \$10 Amazon gift card upon completion of the interview as compensation for your time.

Whether you agree to only the survey OR both the survey and interview, please click here to proceed. Or copy and paste this URL into your internet browser: https://forms.unm.edu/forms/lep_survey.

Thank you for your consideration and assistance!

Kind regards,
